

CMP3060M Project - Assessment Item 1

Learning Outcome	Criterion	Pass	2:2	2:1	1st
LO1 – articulate the aim and objectives of a feasible project, timescales and deliverables.	C1: Produce a project proposal which includes all sections as set out in the assessment brief. (100%)	The background and rationale for the project has been outlined and the aim and objectives stated. Literature sources have been identified and an outline project plan, with risks, has been provided. References are in accordance with Harvard and the correct EA forms have been completed.	The background and rationale for the project has been explained and the aim and objectives clearly stated. Literature sources have been identified and justified. A project plan, with risk considerations, has been provided. References are in accordance with Harvard and the correct EA forms have been completed.	The background and rationale for the project has been explained well and a logical aim and relevant set of objectives are clearly stated. Literature sources have been identified and critically appraised. A comprehensive project plan, with in-depth risk analysis, has been provided. References are in accordance with Harvard and the correct EA forms have been completed.	A critically considered, and academically justified, project proposal. The relevance of the project aim and objectives and the way in which they are articulated is clear and concise. The relevance of the literature identified has been critically justified. The project plan is logical and fully documented. Project specific risks have been identified, along with a realistic and achievable plan for their mitigation. References are in accordance with Harvard and the correct EA forms have been completed.
	C2: Ensure your Project proposal is appropriate for your named programme of study (0%)	This criterion is marked on a pass/fail basis and not graded. Your Project Supervisor will be required to confirm the applicability of your project by applying a pass grade to this criterion. If you receive a fail grade for this criterion your overall mark for Assessment Item 1 will not be impacted but you will be required to revise your project proposal to ensure that it does meet the requirements of a Project in your name programme of study.			
	C3: Achieve ethical approval for your Project proposal (0%)	This criterion is marked on a pass/fail basis and not graded. Your Project Supervisor and/or the SoCS Ethical Approval Committee will be required to approve the ethical stance adopted in your proposal by applying a pass grade to this criterion. If you receive a fail grade for this criterion your overall mark for Assessment Item 1 will not be impacted but you will be required to reconsider the ethical implications of your project proposal and to resubmit the appropriate ethical approval forms.			
	Weighting	Weightings of criteria for this assessment are as identified above.
